NEW SERIES: VOLUME 11; No. 14

BARBOURVILLE, KY., FRIDAY, FEBRUARY 4, 1921

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

OUR BILLION DOLLARS "LAYING" AROUND.

In the United States there are 599,000,000 fowls. They produce 1,921,000,000 dozens of eggs. These eggs are worth \$1,179,000,000. Poultry is worth one-third as much as corn, half as much as wheat, as much as cotton, and more than oats. This production seems enormous but the market is far from being flooded. It means only half an egg a day for every person in the United States. If you are eating more than this, you are getting more than your share.

Ninety per cent of the poultry money goes to the farmers.

We all keep poultry. We need for our family the wholesome food it produces—this alone is reason enough for keeping it.

But aside from this, poultry is one of the most important items in the farm business. The chickens are worth "fooling with." They pay well. They will pay more if we give them a chance.

The chicken business is more than a woman's and kid's job. Let's give mother the help and equipment she needs to make her poultry worth while.

TUESDAY CLUB.

The bi-weekly meeting of the Tuesday Club was held Jan. 25th., at the home of Mrs. Walter S. Hudson on Knox Street. Nineteen members were present. Press items, pertaining to China and Japan, were used in response to roll call. Mrs. A. W. Hopper presided during the business session.

The program as planned by the leader Mrs. Edward Paulkner, included the following interesting contributions: "The Situation in the Famine District of China"—Mrs. F. D. Sampson.

"Plants from China" and "China's Apothecary Shops"—Mrs. Fred Burman.

Mr. McDermid of Honolulu was the guest of the Club and gave an interesting talk on personal experiences in Hongkong and Shanghai. It was enjoyed by the club members.

A display of various articles from China and Japan was an interesting feature of the afternoon. These were passed on by Mr. McDermid as to whether they were real or false.

During the social hour the hostess, assisted by Mrs. R. Bassett Minton, served caramel cream, cake coffee and salted nuts.

The next meeting of the Club will be February 8th., with Mrs. John G. Tye on Main Street.

SAM BENNETT Declares Himself Candidate FOR RE-ELECTION

Hon. Sam M. Bennett of Wheeler, Knox County, wishes to draw attention to his announcement, wherein he asks the consideration of the voters in his candidacy for reelection to the Kentucky Legislature. He will appreciate the good offices of his friends in the matter.

Mrs. John Main is improving.

FREE BOOKS FOR ALL.

The Kentucky Library Commission has some new Traveling Libraries and is ready to send them to any group of people anywhere in the State who wants books to read.

These may be had by writing to the Commission at Frankfort. The libraries are sent out in cases, fifty volumes in a case, and may be kept for six months. The only charge is \$2.00 to cover the shipping costs. Stories, books of travel, history, children's books, are some of the subjects covered. Any teacher can get one. There are also Boy Scout libraries and Farmers libraries. The latter contain fifteen books and may be borrowed in addition to a general library of fifty volumes. The State furnishes these books for the education and recreation of its citizens.

JAIL DELIVERY IN HARLAN IS THWARTED IN EARLY HOURS OF THE MORNING.

Harlan, Ky. Jan. 29.—An effort to effect a wholesale jail delivery at Harlan County jail here on Tuesday night was balked by jailer J. C. Metcalfe, it became known here yesterday. Six negro convicts had almost worked their way through the two-foot thick walls of the jail, only one layer of stone being between them and liberty when the attempt was discovered.

Three of the men, Ernest Washington, Sam Hines and Walter Davis, are charged with murder, while the fourth, Ed Austin, is charged with theft. The fifth, Henry Jones, is under sentence of two years in the state reformatory at Frankfort for shooting another negro. All five of the negroes come from Lynch, an unincorporated town, in the eastern end of the county.—Middlesboro Daily News.

FOR SHERIFF

To The Republicans of Knox County:

After having been solicited by a good many Republicans of the County, I hereby announce myself as a candidate for the Republican nomination for Sheriff of Knox County, subject to the action of the Republican Primary to be held on the first Saturday in August 1921.

I have served as deputy sheriff here in the county for about ten years, and I refer the people to my record as such officer, and if I am elected to the office of sheriff I promise that I will faithfully and honestly discharge the duties of sheriff without favor, and that I will execute all processes that may be placed in my hands as speedily as possible, and will do my very best to preserve peace and good order in the County.

Respectfully,
Steve Philpot.

Notice
Owing to the breaking of a cog on the linotype motor, we have had to cut the news this week.

DEATH RATE INCREASING

The safety of motor cars, trucks and other vehicles on the highways of the country and especially the dangers to their occupants at railroad grade crossings and on the bridges and culverts, is one of the subjects that will receive a great deal of attention at the American Good Roads Congress and National Good Roads Show to be held at the Coliseum, in Chicago, February 9 to 12 next.

The congress and show will be held under the auspices of the American Road Builders Association, which includes in its membership, the highway officials of the national government and those of the states, counties, cities and townships in the United States and Canada, together with highway engineers, users of roads, contractors and manufacturers of road building machinery, road materials and highway transportation equipment.

It is estimated that there are about 400,000 bridges of more than five-foot span in the United States. According to Willis Whited, bridge engineer of the Pennsylvania State Highway Department, it is probable that more than 80 per cent of these are unable to carry a thoroughly modern truck with an ample margin of safety. A majority of the bridges consist of a single span of wooden stringers with plank floors. Better construction and inspection of these bridges is one of the advances which members of the American Road Builders' Association are advocating and it is likely that a vigorous campaign to be strengthened. Truck traffic they say, is growing constantly these days in view. Engineers, like Mr. Whited, believe that the smaller bridges of the country will, for the most part, have to be rebuilt and the floors of the larger ones will be strengthened. Truck traffic, they say, is growing constantly heavier, and the limit is not in sight.

The constantly increasing number of grade crossing accidents, too, is a subject that is expected to cause considerable discussion at Chicago in connection with the growing demand for the elimination of grade crossings. Automobile accidents of one kind or another on the public highways killed 7,969 persons in 1919 according to the census figures for 1920 covering the Census Bureau's registration area, which embraces 80 per cent of the country's population. A total of 3,898 deaths occurred on the streets of the sixty-six largest cities of the country.

The deaths in 1919 from automobile accidents in the registration area showed an increase of 444 over those of 1918.

The enormous amount of automobile traffic on American roads and the consequent increase in liability to accident will be realized when it is considered that there are now 8,000,000 automobiles registered in the United States. In 1906 the number was only 48,000, an average of 1,000 to a state. In 1914 the number grew to 1,700,000. Twenty-five million Americans are now using motor cars. The actual vehicle-mile use of the roads, it is estimated has increased more than 500 per cent in the rural districts and 1,000 per cent in those near the large centers of population. There are 2,500,000 miles of rural highways in the United States and 40,000,000 automobile tires are now an annual necessity.

The Chicago meeting promises to be one of the greatest in point of attendance and in results ever held in the history of the good roads movement. The governors of the several states and territories of this country and Canada as well as the mayors of two thousand American and Canadian cities have been asked to appoint official delegates to the meeting. In some instances governors and mayors will head their delegations in person. Seven thousand road and street contractors and thousands of army, automotive and chemical engineers, agriculturists, editors, bankers, motorists and large users of trucks, as well as officials of boards of trade, chambers of commerce and other organizations interested in road and street improvement, have been invited to attend. The congress also will be open to any and all persons interested in improving the highways of the country.

If you like the Advocate, tell others. Costs \$1.50 a year.

AN OPPORTUNITY FOR AMBITIOUS YOUNG MEN.

Books are being written to help in almost any business, trade or profession. The Kentucky Library Commission has many of these and lends them to anyone in the State wishing to use them. The collection includes books on the following and many other subjects:

Automobile repairing
Carpentering
Dry cleaning
Electric railway engineering
Farming
House painting
Oil and coal mining
Retail buying and selling
Road building
Salesmanship
Sign painting
Steam and gas engines

These may be borrowed by writing the Kentucky Library Commission at Frankfort. The only expense is cost of postage.

FOR JAILOR

To my many friends, both men and women voters of Knox County, Ky. I hereby announce myself as a Republican candidate for Jailor. I am fifty-one years of age and I nor any of my people have ever asked for or held office in our lives. I was born and raised in Knox County. Although my education has been limited I obtained it altogether with all I own in this County.

If elected to this office I will endeavor to attend to the affairs of said office to the best of my ability, without favor to any particular class of men but will treat all alike with favors and a square deal.

Vote for me, both men and women and I will appreciate the favor and, if elected, I will be your obedient servant and will meet you in the future as the same George Goodin as in the past.

Your friend,
GEORGE GOODIN.

EYESIGHT RESTORED.

Mrs. Betty Patton, fifty years of age, colored, who was blind as the result of cataracts on both eyes, is now able to use the right eye as the result of an operation, paid for out of the Red Cross Mountain Fund, which is in charge of Miss Linda Neville. The patient was in the Good Samaritan Hospital for a little over three weeks. The cataract on the left eye is not yet ready for the operation. Mrs. Patton is able to read large print and can attend to her household duties and is naturally delighted at once more being able to see. The local people, white and colored paid her way to Lexington.

This is but one of millions of cases where the Red Cross has stepped in and given relief.

The Barbourville Electric Light Co. is building a new switch board so they may switch from one unit to the other. The two unit system means good service.

For Rent, three room house. Apply Ben H. Gregory, Advocate Office.

Good and prompt printing at the Mountain Advocate.

MICKIE SAYS

QUITTING ADVERTISING IN THIS HERE POPULAR FAMILY VISITOR IS LIKE THROWIN' YER CAR INTO REVERSE—YA ARE STILL ON TH' ROAD TO SUCCESS BUT GOIN' TH' WRONG WAY!

MILLIONS ARE DYING

From every pulpit in Kentucky, an appeal will be made Sunday February 6th for funds to save the inhabitants of those great Chinese provinces where the crop failure is complete and 40,000,000 persons face starvation. The Rev. Dr. E.Y. Mullins chairman of the China Famine Fund in Kentucky has received replies from the ministers of all denominations in the State indicating that the answer to his appeal for the observance of Sunday February 6th as China Relief Sunday, will be nearly 100 per cent.

The active campaign for funds will open about the 15th of February. The appointment of Dr. Mullins by President Wilson having been preliminary to the drive so that he could perfect an organization. Joseph Burge has been appointed treasurer for the State and Chairmen in each county will be named this week. The State Executive Committee is now being made up and will be composed of seven or nine men.

As pointed out in the President's proclamation, the Chinese people look to America as their benefactor. In view of the political situation in the Orient, many Kentucky ministers who have served as missionaries both in China and Japan, say the relief afforded to the Chinese at this time will do much to strengthen the spirit of alliance between China and America.

Zandorff Entertainers

A program of artistry and entertainment, featuring harp selections and character sketches, will be given by the Zandorff entertainers on the Lyceum course here Tuesday evening, Feb. 8th.

This company is composed of Ethel Lindorff, harpist and Florence Zander, reader and impersonator, and their entertainment will please from start to finish.

The harp has the peculiar quality of touching the hearts of the audience. It is among the earliest of all known musical instruments and it has never lost its popularity.

The combination of artistry and entertainment found in the Zandorff Company is sure to make a lasting and pleasing impression.

A NEW ADVERTISER

We beg to call attention to the advertising of Dr. Byrd, optometrist next door to the Post Office.

Dr. Byrd has been a resident of this county for eleven years, has never had a cross word with anyone, has never had a lawsuit, been on the jury or served as a witness in a case. He has never been prosecuted, but has been a quiet, industrious citizen of the county. He will appreciate all business in the scientific fitting of glasses.

Union College will play Sue Bennett Saturday night. Reserved seat tickets will be on sale at Herndon's Drug Store Friday and Saturday.

Buy reserved seat tickets for U. C. vs Sue Bennett Saturday night at Herndon's Drug Store.

FOR JAILOR

At the solicitation of many friends and after a careful consideration I have decided to enter the race for Jailor, subject to the action of the Republican voters of Knox County at the Primary in August, 1921.

I want to say to the voters that I am in the race to win and solicit their support both men and women.

Never before have I or my people been before you asking your support for office and if elected to Jailor I promise when my term expires to step down and let some one else have a chance.

I am, as a majority of you citizens know a miner and have made my living and support for my family by digging coal until the 21. of October last year when I was injured by falling slate and have been in the hospital most of the time since I was hurt. On leaving the Jewess Hospital in Louisville last week where I went for an X-ray examination and to have a brace made in order that I might be able to walk again. I was informed by the physician that I would never be able to do manual labor again.

For more than five years I have been a Union miner and a member of the United mine workers of America, Local No. — Barbourville Ky. I ask the support of every voter in the county and assure them that if elected I will faithfully execute the duties of the office with credit to myself and to the county.

I expect to see each and every voter in the County and present my claim in person and if after thorough investigation I am found worthy I will gladly appreciate your vote.

Thanking you in advance I remain,

John Goodman,

For Magistrate

John H. Turner is being solicited by his neighbors and friends to run for the office of magistrate in his home district. He is still undecided as to whether he will make the race.

NOTICE

Having sold out our entire interest in the Cut Rate Drug Co. we take this opportunity of sincerely thanking our friends for their patronage and bespeak the same on behalf of Messrs. Botner, Simpson and Dr. Herndon who have bought the business.

ARMY IS CUT DOWN.

Another act in the direction of
economy on the part of Congress is
the reduction of the army from its
present basis of 225,000, where it
has been kept by the arbitrary ac-
tion of Secretary Baker, to a total
of 175,000. In one day both houses
voted to compel the Secretary to
stop all recruiting for the service
until the total reaches the smaller
total. General Pershing and Secre-
tary Baker both stated that sixteen
months would be required to bring
the army down to such a figure.
The house vote on the question was
almost unanimous, 285 to 4. Rep-
ublicans ridiculed the idea of any
immediate danger to the United
States through trouble with Japan
or any other nation, and urged that
with the nucleus of 175,000 in the
army, the navy could hold off any
foreign power until a much greater
land force took the field.

Chairman Julius Kahn, of the
House Committee on Military Af-
fairs, who put the draft law through
during the war when the Democra-
tic chairman of the committee, Rep-
resentative Dent, opposed it, declar-
ed that the maintenance of the 225,
000 standing army desired by Secre-
tary Baker would cause a deficit of
\$70,000,000 because his determina-
tion was against the will of Con-
gress, composed of the representa-
tives of the people, which had
appropriated for only 175,000.

No Street Beggars in Se-
ville is the only city in Spain
which forbids begging.

First Fire Engine in America
The first fire engine in America was
presented to the town of Shuben-
naga, Nova Scotia, by King George III in
1774.

Pavement of Human Skulls.
There is said to exist a pavement at
Gdawa, Africa, in the making of
which thousands of human skulls are
alleged to have been employed.

Woman a Pioneer Geographer.
Miss B. Pullen-Bury was the first
geographer to visit some of the un-
known parts of the Bismarck archi-
pelago.

The Useful and the Beautiful.
The useful encourages itself; for
the multitude produce it and no one
can dispense with it; the beautiful
must be encouraged, for few can set
it forth and many need it.—Goethe.

Conclusion.
Another reason why it would be im-
practicable for a man to carry a fur
muff is because he would soon ruin it
by wiping his mouth on it.—Arkansas
Thomas Cat.

Kissing Once Custom at Dance.
Down to the middle of the Victorian
era it was considered quite the prop-
er thing in England for a man to ex-
change kisses with his fair partner at
the end of a dance.

STRANGE HAPPENING.

We are told that out the Norwood
way, a man had a cow which got
choked in an unaccountable way,
and after being in this condition for
about two days, the local veterinar-
ian was called in and soon got to
work and removed the trouble. The
trouble, as we are told, was caused
by a terrapin becoming lodged in
the cows storage funnel. The terrap-
in was taken out and placed on the
ground and after a little exertion
got up and went walking away, tick-
led very much to be at liberty again.
Those present at this occurrence
state that they did not know which
was pleased most, the terrapin, the
cow or Upton. Pulaski County

PAYING FOR THE ADVOCATE

We wish to thank our subscribers
for the way they are paying up their
subscriptions on receipt of notice
that the subscription is due. The
record is splendid and is a proof,
above all other proofs, that the Ad-
vocate has become a home fixture
which is worth paying for. While
we greatly appreciate the nice things
that are said about the Advocate,
the fact that we have so few sub-
scribers who have to be stricken off
the list is the biggest compliment
that we can receive. The past six
months has shown a clear gain of
100 subscribers over the previous
period.

The fact that the Advocate gives
the news is one of the big factors
which is beginning to tell. We have
proved that the new broom, which
commenced to sweep just two years
ago, is still sweeping up the news
and this confidence established, our
people are digging up their subscrip-
tion money gladly.

As soon as our merchants see the
light in the matter of advertising,
(some few have already done so)
we shall have an ideal newspaper
and one which can continue to grow.
One cannot gather grapes from
thistles and merchants cannot get
and hold business unless they use
the best means of publicity, which is
the local newspaper.

We have been told by one mer-
chant that "I don't have to advertise
since others do not." This is no
longer true and further, the non-
advertising tendency of our local
merchants is sure to prove a boom-
erang in mail order business.

C. L. Franklin, Englands Store
and others who use the columns of
the Advocate to let the people know
what they have for sale, tell us that
it has greatly benefited their busi-
ness. The day when people will pay
any old price for goods is gone.
If our merchants would advertise
their goods, they would find the
public responsive. It is a fixed idea
in the minds of many merchants that
advertising is a gift to the newspa-
per, instead of which it is an asset in
the creation of new business. This
is not so true of one advertisement,
which can scarcely be expected to
create an avalanche of business, but
it is good psychology that steady ad-
vertising will bring business to the
store which does it. It is one of the
things that experience has taught.

Experienced Mothers know the wisdom of
assisting nature before Baby's coming

IT is natural to think of the ex-
pectant mother's influence up-
on the unborn babe. Her
food, her habits, her hygiene, and
even the condition of her mind,
all have a part in determining the
well-being or ill-being of her in-
fant before birth.

No woman awaiting the joys of
coming motherhood should allow
the days to pass without giving
nature a helping hand—because
the conditions of pending mother-
hood, existing as they do, over a
protracted period of months, create
almost a new state of being
for a woman.

WARNING: Avoid using plain oils, greases and substitutes—
they act only on the skin and may cause harm without doing good.

MOTHER'S
FRIEND.

day at New Hope Church. He had
been absent for quite a while from
his duty as pastor.

To Rescue Drowning Person.
As soon as a drowning man begins
to lose his recollection he gradually
sinks his hold until he quits alto-
gether. A rescuer should be careful
to avoid being grasped, however. The
safest method of approach is at the
head. Grasp the stranger by the
hair, turning him on his back. Then
throw yourself on your back and
swim, holding the man by his hair,
his back to your stomach.

Stand-Patter.
This expression originated from
"stand pat," a poker term used by a
player to announce his intention to
play cards originally dealt him with-
out helping his hand by drawing
cards. The term was first applied as
political slang by Mark Hanna, in
1902, to indicate the attitude on the
tariff question of leaders of the Re-
publican party.

Personal Mention

Good and prompt printing at the Mountain Advocate.

Roy Hubbard of Pount was a town visitor Tuesday.

Gov. Jas. D. Black and W. M. Tye were in Corbin Tuesday on business.

R. B. Cornett went to Harlan Friday on Coal business.

Mrs. Sam Lewis was on the sick list this week.

George Foster Tinsley, Jr., is in the fashion with measles.

Mrs. John Croley is able to be up and is regaining her health nicely.

Jack Stanfill has measles but is coming along well.

For Rent, three room house. Apply Ben H. Gregory, Advocate Office.

O. N. Prichard and C. A. Terrell from down the river were around town Tuesday.

Myra Amis, Gladys Johnson and Mrs. J. D. Jarvis spent the week end in Pineville.

Wanted—2 rooms for lighthouse-keeping—furnished. Please see Dr. Tron.

Children of Mrs. T. J. Belcher have been down with the measles improving.

Joseph Miller, mother of Mr. B. Cornett, continues quite ill.

W. H. Campbell of Grays was transacting business in Barbourville Tuesday.

G. C. Peace, a railroad man from Corbin was here Tuesday on business.

Miss Sallie Bain is clerking at C. L. Franklin's. Everyone likes Miss Sallie.

H. H. Owens and family are spending some weeks in St. Petersburg, Fla.

H. C. Payne, a popular merchant at Brimble was here Tuesday on business.

Born to Mr. and Mrs. W. E. Carey a baby girl, Thursday, Jan. 27th, 1921.

Miss Maude Detherage who is now in Louisville Conservatory of Music, has passed the Junior examination in Dramatic Art.

The Baptist State Board of Missions, Nebraska, is showing its belief in advertising by use of the newspapers for a needed supply of pastors.

Virgil Huff of London, visited his great grandmother, Mrs. Joe Sampson and grandmother, Mrs. Hiram Jones, this week.

Jabe Jones, a miner, about 30 years of age was killed Saturday in one of the mines at Elys through coming in contact with a live wire.

Mr. Bryant of Rain was in town Wednesday to visit the dentist where he left a tooth. He became a subscriber to the Advocate.

Supt. E. B. Hemphill attended the meeting of County Superintendents last week when 110 out of 120 of them were present to discuss problems relating to education.

Found — A pocketbook Wednesday. Please describe to Frank Catron and pay for advertisement.

For Sale—Square Piano, Chickering, in good condition. \$50.00 cash. See Mrs. Pattie Dishman. 11-tf.

Miss Brittain of Middlesboro and Miss Brier of Knoxville, trained nurses, visited Miss Effie Jump, Miss Carr and Miss Adams Monday. All are graduates of the same hospital.

N. B. Robbs had an admiring audience one day last week while putting one of the beautiful horses belonging to T. W. Minton, through its paces. N. B. undertands horses and the horse obeyed his guidance splendidly in keeping its step.

Would you like to see something new and attractive in dress goods. If you do, call at England's.

Fine raspberries netted growers \$3,000 per acre on the Chicago markets last year. Almost as much per acre as our farmers get for their corn, eh? We have a splendid soil and good climatic conditions for their growth. In buying, get the best.

Rev. W. N. Epperson of Girdler, Rev. W. H. Cheek of Crane Nest, Rev. S. A. Elam of Garrich and Rev. Robt. Shore of Grays, all Baptist ministers were greeting each other as brethren about the Court House Tuesday. Evangelist Brock, who is doing such splendid preaching and Brother Allen were all seen at about the same time. There was considerable rain during the day.

Piano For Sale—In first class condition. About one year old. Price \$200.00, was \$350.00. H. H. Walker, Lawson Building, Barbourville, Kentucky. 10-tf

The theory that children should have measles and get through with them is not correct. In many European countries, where strict measures are taken to prevent their spread, it is seldom an epidemic occurs. Too often, the after effects are most serious. Every effort should be made to guard children from catching the disease.

Did you ever see anything sell as rapidly as that new style Gingham at England's.

The Jr. O. U. A. M. at Swanpond, just newly installed is progressing fine. Initiated six new members on last Saturday night, John Hemphill, Robinson Williams, Need, Nath and Joe Hampton and D. R. West. Meeting nights on the 2nd and 4th. Saturday nights in each month. J. T. Blair, R. S. Joe B. West, Counselor.

On the authority of Sawyer A. Smith, lawyer for the defense in the Gilbert-Lewis-Lee sooting, we learn that an injunction has been secured, preventing Sheriff Read P. Black from arresting Gilbert and Lewis, thus, for the time being, setting aside the order for their arrest, issued by Judge Rose. It is understood no further action can be taken until the legality of the action of Judge Ingram of Pineville has been passed upon by the Supreme Court.

Easter comes early this year. Call at England's and inspect the Easter Toggery.

Dr. A. L. Parker now has his X-ray machine nicely installed in a prettily furnished room with every convenience for those who wish to have the roots of their teeth examined.

We eat to live! Good food means good health. The Up-to-Date Restaurant provides good food. Tell Jake what you want.

Miss Sybil Harris is home this week.

Dr. Tip Jones continues to improve.

Little Loretta Lewis has about recovered from measles.

Prof. R. N. Baldwin reports Mrs. Baldwin as doing nicely at Hazlewood Sanitarium.

Every day is clean-up-day at the Up-to-Date Restaurant. We stay clean. Meals 50 cents.

The Detherage Furniture Co. reports a splendid business.

Good audiences are giving fine attention to the excellent message Rev. W. L. Brock is delivering each day 9.40 A. M. at B. B. I. and 7 P. M. at the Baptist Church. The interest is fine and we are expecting a great revival

Underwear so cheap! Call at England's and price that new summer underwear. Sells at sight. Big Bargains!

Mr. and Mrs. Ion Carroll are moving to Bowling Green.

Amin Simon and wife were recently at Jerusalem. They expect to be home about June.

We regret to announce the serious illness of Judge J. T. Stampfer who is suffering with pneumonia at his home at Ralston.

Try a Sunday meal at the Up-to-Date Restaurant. It will go to the spot. You know Jake Denzer.

Judge E. P. Goodwin of Fayette, Ala. and Col. J. W. Clark of Oakman, Ala. were here this week looking over the coal situation.

Will M. Dishman landed in New York from Colombia, Friday.

J. A. McDermott and Dr. Ed. Dishman were in New York this week.

The best the market affords, with the best of cooking, is drawing the hungry to the Up-to-Date Restaurant.

C. L. Franklin returned Wednesday night from Lexington, where he secured two female foxes. \$20 will be paid for a good male fox by the Fox Hunters Association. Please see Mr. Franklin.

Good eats at the Up-to-Date, 50c a meal.

For Sale—Home made canned goods, jellies, preserves, apple butter, jam. Mrs. J. W. Faulkner.

For Sale—75 acres, fine soil, almost all timber, good coal. Fairly close in. \$30 per acre. Address XYZ Box 215, Barbourville, Ky.

Zandorff Entertainers

A program of artistry and entertainment, featuring harp selections and character sketches, will be given by the Zandorff entertainers on the Lyceum course here Tuesday evening, Feb 8 th.

This company is composed of Ethel Lindorff, harpist and Florence Zander, reader and impersonator, and their entertainment will please from start to finish.

The harp has the peculiar quality of touching the hearts of the audience. It is among the earliest of all known musical instruments and it has never lost its popularity.

The combination of artistry and entertainment found in the Zandorff Company is sure to make a lasting and pleasing impression.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

"... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

THOUGHTS OF A HOUSEWIFE.

By Emma Riggs Barnard.

When you hush your babe to sleep
What are you thinking?
When you make the beds or sweep
What are you thinking?

When the dishes you are washing,
Or in laundry tubs you're splashing
Or with clothes to mend you're sitting
What are you thinking?

Or a sweater you are knitting—
What are you thinking?
Nothing special? Don't admit it.
If you're wasting thought stuff, quit it.

We save food and clothes today
away!
Conserve your thinking!

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infests the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface.

One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address: Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

CONDEMN HIGH PRICED STOCK FOODS

Prominent Hog Raiser Says
Prices Charged Are Unwarranted—Makes His Own
Hog Food, With
Better Results

"That he is all thru paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market" was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in Iowa. He states that for years he bought high-priced hog foods and hog remedies, but he is all thru paying extravagant prices for what he can make himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows, require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs growth and a well balanced ration. This inexpensive mixture, placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to the Mineraline Chemical Co., 1635 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds. —Adv. 14-41

GEO. COLVIN WRITES TO
COUNTY SCHOOL BOARD.

To the Members of the County Board
At its first meeting on the first Saturday in March, after organizing, each county board of education has the power to appoint a county superintendent whose term will begin in January 1922. In many counties, it will be desirable to appoint the county superintendent as early as possible to the end that the county superintendency may not become involved in the coming political campaign. I feel confident that no county board will appoint any person superintendent because of political affiliation. When appointed, no superintendent should be inclined or permitted to participate in partisan politics. County boards have no greater obligation and no greater opportunity than to put this office upon a professional rather than a political basis. That is the purpose and the spirit of the new law. Wherever a superintendent now in office has proven himself conscientious and capable, he should be re-appointed; wherever a superintendent has proven himself derelict in discharging his duties, he should not be re-appointed. County boards may appoint a superintendent for one year or for two years or for three years or for four years. The term for which the superintendent is appointed is determined solely by consideration of the welfare of the schools of the county. Wherever the superintendent is competent and is supported unanimously, it will benefit the schools to appoint for a four year term. No divided board should appoint for more than one year. No superintendent should be appointed who does not at the time of his appointment hold a proper legal certificate. No person should be appointed superintendent who will not give his entire time to the office. In every case, at least a living salary should be paid. The law does not permit any salary less than twelve hundred dollars. Superintendents should be appointed by written contract only. The form of contract to be used will be sent from this Department within a few days.

Let me urge again that the chances of the children in each county depend largely upon the action of the board in the appointment of the superintendent. The character and

the conduct and the capacity of the person appointed should, in every case be above suspicion. In making the appointment, the board does not represent any party, any faction or any section, but the whole county. The schools of the county will be what office has proven himself conscientious. It will not improve the schools of any county to supplant an incompetent or dishonest superintendent with one equally incompetent or dishonest. County boards are no longer confined to their own county in making their choice. Whenever a suitable man within the county cannot be found for this position, county boards should not hesitate to seek elsewhere for a suitable superintendent. No person should be appointed superintendent who in the recent election of the county board members violated the spirit or the purpose of the new school law. The best man that can be found anywhere is none too good for the children in any county. The whole State is watching the newly elected county boards and the improvement of our public schools waits upon their election. I am pleading and praying that the county boards everywhere do not betray our children in these appointments.

With genuine good wishes,
Sincerely,
Geo. Colvin,
State Supt.

NASHVILLE SPECTACLE HOUSE MAKES REMARKABLE OFFER. FIVE DAYS TRIAL FREE.

Everyone who wears glasses or needs glasses to relieve eyestrain or headaches will be glad to know that The Nashville Spectacle House 55 Arcade, Nashville, Tenn., will send a pair of their "True Seeing" glasses large or medium size in gold filled frames or handsome and stylish dark or light "shell" frames to any responsible person who writes them stating age, and how long they have been wearing glasses. "We have glasses from \$1.50 to \$5.00 and after using the glasses for five days you can send us the amount of the glasses \$1.50 or \$2.50, \$3.50 or \$5.00 according to the kind and price you order.

If the glasses are not satisfactory and you do not wish to keep them just return them and we will credit you with amount and you will be out nothing except a little postage. For those who incline cash with order we will send a nice folding spectacle case free."

\$1.50 glasses have aluminum frames.
\$2.50 glasses are in small gold filled frames.
\$3.50 glasses are in medium large gold filled frames.
\$5.00 glasses are in extra large gold filled or "shell" frames.
Address Nashville Spectacle House 55 Arcade, Nashville, Tenn. 14-21

JEFFERY D. HINKLE KILLED

Jeffery D. Hinkle, son of the late George Hinkle, was killed at Evansville, Ky., February 3rd, when he fell while throwing a switch on the L. & N. Railroad in the performance of his duty as brakeman.

Deceased was born April 14th, 1903 and had many friends here who will regret his untimely death. The funeral service was held at the residence of J. M. Hinkle, Friday, Feb. 4th, the pallbearers being his young friends, Henry Cole, Chas. Bingham, Charlie Lewallen, William Jones, George Tye and Willie Jackson.

Interment was in the City Cemetery.

One Proper Pride.

Pride is one of the seven deadly sins; but it cannot be the pride of a mother in her children, for this is a compound of the cardinal virtues—faith and hope.—Charles Dickens.

PROMPT MEASURES SAVE MANY LIVES.

Scott County, With Full-Time Health Department, Averts Diphtheria Epidemic.

Striking evidence of the value of a full-time county health department is furnished by the experiences two neighboring counties have had this winter.

In Scott County, where there is such a full-time County Health Department, a case of diphtheria was discovered in a school. The child who was suffering was removed immediately to his home, his family was quarantined, and the room where the disease had developed was disinfected. Swabs, made of all the children's throats in the same room, were sent to the Laboratory of the State Board of Health for examination, and when it was found that none of the children had the disease they all were given a Schick test to see which would develop diphtheria if exposed to it.

Those who were not found to be immune immediately were given an inoculation to prevent their acquiring it. As a result of these energetic measures only one case of the disease developed in Scott County and there were no deaths.

In a neighboring county a child also developed diphtheria in a school in the county seat. There the similarity ends. This county has no full time health department, only a physician receiving \$200 a year and the absence of someone whose sole business it was to stamp out diphtheria immediately already has led to the closing of the school in the county seat. There the similarity ends. This county has no full-time health department, only a physician receiving \$200 a year and the absence of someone whose sole business it was to stamp out diphtheria immediately already has led to the closing of the school in the county seat for sixty days, to the development of 138 cases of the disease in the county, and to eleven deaths.

Apart from the saving of human life and suffering in Scott County, and its woeful waste in the neighboring county, the effective preventive measures in Scott did not cost the taxpayers of that county a cent outside of its regular expenditure for health work. The neighboring county, by actual figures, already has spent \$4,000 in combating diphtheria, and there is no way of calculating how much has been spent by private families for physicians, nurses, undertakers and other expenses incident to sickness and death.

Dry Farming.

Dry farming is a scientific farming of land where there is a limited or unfavorable distribution of rainfall. Irrigation is not practiced, the fertility and moisture of the soil being managed by a system of deep cultivation, rotation of crops and the "plowing in" of green crops.

"ITS WONDERFUL" SAYS THIS WOMAN.

Feels Like Praising Tanlac To
Skies After What It Has
Done For Her.

I have just finished my second bottle of Tanlac and am already rid of troubles that bothered me for three years," said Mrs. Chas. Grounds, of 111 Fifteenth St., Ashland, Ky.

"I could scarcely eat anything without suffering from indigestion. After every meal I had a heavy feeling in the pit of my stomach, with a smothering sensation and violent palpitation of the heart. These troubles got so much worse at night I often got up and walked the floor in order to breathe. I was so nervous it was almost impossible to get a good night's sleep. My nerves bothered me and I had pains in my back and sides. I was badly constipated and suffered from headaches, in fact I was such pain nearly all the time and hardly get around."

"I kept reading and hearing about Tanlac and I decided to try it, and now I actually feel like a different woman. I have a splendid appetite and can eat just anything I want and never have any bad effects. I no longer suffer from constipation or headaches, my kidneys have quit bothering and my nerves have quieted down. I can now sleep soundly for eight hours or more and wake up feeling fine and full of energy. Tanlac has brought me out so wonderfully I feel like praising it to the skies and I never expect to be without it."

Tanlac is sold in Barbourville by the Cut-Rate-Drug Co., in Argemus by J. G. Haskin and in Pagan by N. J. Faulkner & Co.—Adv.

10 Billion Potatoes From One.

If there were but one potato left in the world a careful cultivator might produce 10,000,000,000 from it in ten years and thus supply the world with seed again.

Shakespeare's Vocabulary

Shakespeare had a vocabulary of more than 25,000 words. The average vocabulary of the educated person seldom exceeds 2,500 words while that of the uneducated person often contains less than 800 words.

And the Audience Smiled.

A well-known statistician was giving some statements about a certain industry at a public dinner. "These are not my figures, ladies and gentlemen," he said. "They are the figures of a man who knows what he is talking about."

Naming No Names.

Reading some of the present day effusions, one reflects that it is possible for a poet to make dollars out of lines that others can't even make sense out of.—Boston Transcript.

Well Expressed.

A teacher of English in one of our colleges describes a money lender as follows: "He serves you in the present tense, lends in the conditional mood, keeps you in the subjunctive and ruins you in the future."

When Spiders Retreat.

Spiders hide themselves in threatening weather. This is because they know insects do not fly about in the damp atmosphere preceding rain, and not because they lack umbrellas.

Flexible Language.

Ours is a flexible language. For instance, according to a headline writer, "Grain Elevators Come Under Fire of Probe."—Toronto Mail and Empire.

Back to Its Roost Nightly.

Although sometimes seen on leagues from land, the frigate bird is said to return every night to its customary roost.—Brooklyn Eagle.

Their Greatest Menace.

Somebody has discovered that tobacco smoke is not injurious to frogs. The most injurious thing known of is the fact that they eat edible legs.

Yes Sir-ee!

We made this cigarette to meet
your taste!

Camel

CIGARETTES

CAMELS have wonderful full-bodied mellow-mildness and a flavor as refreshing as it is new.

Camels quality and Camels expert blend of choice Turkish and choice Domestic tobaccos win you on merits. Camels blend never tires your taste. And, Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

What Camels quality and expert blend can mean to your satisfaction you should find out at once! It will prove our say-so when you compare Camels with any cigarette in the world at any price!
